EXPERIENCE

WEB DESIGNER / DEVELOPER

Bass Pro Shops, 2012–Present

- Design and develop digital assets for basspro.com, cabelas.com and paid partners. Projects include vendor sitelets, event pages, sale pages, department pages, home page and banner ads.
- Collaborate with merchandising, marketing, branding, publicity and paid partners to define project definition and scope. Oversee projects through conception, wireframes, design, development, testing, launch and maintenance.

VIDEO EDITOR

Universal Pictures Creative Operations, 2003–2011

- Collaborated with producers to conceptualize and create multi-media marketing materials for theatrical movie releases. Projects included trailers, tv spots, featurettes and electronic press kits.
